

BUILDING PLOT, LIBERTA, ANTIGUA

PRICE US\$40,000

A single building plot of about 10,000 square feet situated at the southern end of Liberta on the crest of Horsford Hill with some views over Falmouth Harbour.

The plot is one of the best value pieces of land available on the southern end of the island with a sea view and the cooling breezes.

The land is available as a vacant plot but the owner, a structural engineer, would enter into a construction contract with a purchaser if required.

The plot is about ten minutes drive into English Harbour and the local supermarket is only five minutes away. St. John's and the international airport are about 20 minutes drive and some of the island's best beaches are nearby.

Plots of this nature and price in this locality are rare. Main water and electricity together with telephone connection are adjacent to the site.

Prices US\$40,000
